

### **the role of theory pdf**

Role theory is a perspective in sociology and in social psychology that considers most of everyday activity to be the acting out of socially defined categories (e.g., mother, manager, teacher).

### **Role theory - Wikipedia**

Role-taking theory, or social perspective taking, is the sociological theory that one of the most important factors in facilitating social cognition in children is the growing ability to understand others'™ feelings and perspectives, an ability that emerges as a result of general cognitive growth. Part of this process requires that children ...
